Part A: Pupil premium strategy plan

Statement of intent

At Tattershall Primary School, we have high aspirations for all our pupils and want every child to achieve their potential, regardless of their background or the challenges they face. With this in mind, we consider carefully how to use our Pupil Premium funding to maximise its impact.

We will consider the challenges faced by vulnerable pupils, and tailor our approach to meet the needs of the children in our school. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a particular focus on developing early literacy and reading skills as the fundamentals for access to the whole curriculum. Included is the strategic use of high impact interventions to accelerate the progress of pupils as needed. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

At Tattershall Primary School we aim to:

- Provide a rich range of experiences for all pupils, to enthuse and engage the children, develop their understanding of the world, and extend vocabulary and language skills.
- Ensure pupils leave our school able to read fluently and with good comprehension, and a love of reading.
- Narrow the attainment gap between disadvantaged and non-disadvantaged pupils, through quality first teaching and an understanding of each pupil's individual strengths and barriers to learning, implementing effective strategies to overcome these.
- Teach pupils to view challenge in a positive way, and therefore we encourage resilience, perseverance, and a positive mindset.
- Provide a rich variety of contexts allowing pupils the opportunity to develop their listening and communication skills.

In order to achieve this,

- We place a strong focus on developing and establishing high quality first teaching.
- Pupil Premium children are considered first for all interventions.
- Pupil Premium children are prioritised when attending enrichment events.
- Each Pupil Premium child has an Action Plan which identifies their strengths, barriers, achievements, additional support given, and future targets.
- Pupil Premium children are prioritised for extra-curricular and after school clubs.

- School trips are funded for Pupil Premium children.
- Our curriculum is carefully considered to ensure all children receive a rich variety of experiences before they leave our school.
- Staff are mindful to ensure increased interactions for Pupil Premium children, for example targeting support during teacher directed activities, or a greater number of communications during child-initiated activities.
- All staff work hard to build positive relationships with all parents, and especially those who are disadvantaged, and are clear and specific about how parents can best support their children’s learning at home.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Social, emotional and mental health difficulties
2	Speech, language and communication difficulties
3	Attendance and punctuality
4	Reading, writing and maths – low attainment
5	Lack of rich life experiences on entry to school

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Social, emotional and mental health – To improve pupil wellbeing so that they have improved mental health and are able to learn well.	Feedback and observations indicate that all children, including disadvantaged are happy and ready to learn when they come to school. Reduced numbers of children, including disadvantaged are receiving Casy Counselling and referrals for Healthy Minds support
Speech, language, vocabulary and communication – To improve pupils’ language and speech development so that they are able to communicate effectively and access the full curriculum.	Assessments and observations indicate significantly improved oral language among all, including disadvantaged children. Evidence of engagement in lessons, book scrutiny and ongoing formative assessment. Outcomes from interventions will show improvements in pupils’ speech and language development.
To improve the attendance and punctuality of disadvantaged pupils	Attendance of PP eligible pupils will be 96%+

	<p>The gap in attendance between PP and non-PP pupils is closed.</p> <p>Lateness is eliminated as a barrier to learning for pupils; pupils arrive on time and so can access the full curriculum.</p>
Close gaps in Reading, writing and maths	<p>Achieve at least 90% of Year 1 children passing the Phonics check.</p> <p>Achieve outcomes in-line with, or above, national average by the end of KS2.</p> <p>Progress shows the achievement gap is closing.</p> <p>Analysis of intervention data shows the impact on pupil achievement.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Service pupil premium funding

How our service pupil premium allocation was spent last academic year

Funding received at Tattershall Primary School: £16 415 (2023-24)

The Service Pupil Premium is provided by the Government mainly for pastoral support and we use the funding towards an additional Midday Supervisor and also towards our Lunchtime Club staff to run daily sessions where children who are nominated by their teachers can benefit from pastoral support at a time when a parent is deployed or if they feel they need additional support during the lunch hour or would benefit from having time in a small nurture group during the middle part of the school day. Not every child who is chosen will go to the club as some children much prefer to go outside and play during their lunch break where we also provide staff to support the children whilst they are playing and not involved in teacher directed learning activities.

We also put some of the funding towards Casy Counselling which is used to support some of our Service Children through play therapy. Staff will consult with parents if they think this

service will be of benefit for their child's wellbeing and children usually undertake 7 or 8 weeks of sessions with our counsellor to help them with strategies to support them with any difficulties they need to overcome and to build resilience. Parents may also approach the school if they think their child will benefit from this support. It is very popular and we usually have a waiting list.

Some of the Service Pupil Premium funding pays towards a High Level Teaching Assistant so that a teacher can be released from their class at times when they need to work with Service children or their families to provide pastoral and wellbeing support such as starting the Early Help process to access parenting courses or making referrals for specialist teacher reports or services for children.

The impact of that spending on service pupil premium eligible pupils

Pupils are well supported emotionally and the school is proactive and ready to be reactive to meet their needs. As a result, pupils continue to engage well with their learning when their parents are deployed.
